

IN THE CLAIMS

In Claim 1, line 1, after "A", insert --cellular--.

Please add the following claims:

Sub
F1

2 15. (New) The messaging system of claim 2 wherein said message
4 signal is generated in response to the receipt of a Release Message by said
6 mobile switching center, said Release Message having been generated by the
network servicing a party which is to terminate its connection with said mobile
station, said party being one of two parties communicating with said mobile
station in a call waiting procedure.

16. (New) The cellular communication system of claim 7 further
2 comprising:
4 a first party in a first network; and
a second party in a second network, said first and second parties being in
communication with said mobile station in a call waiting procedure, wherein said
6 second network generates a Release Message indicative of the termination of
communication of said second party with said mobile station, said Release
8 Message being transmitted to said mobile switching center to cause said mobile
switching center to generate said message signal.

17. (New) The method of claim 11 further comprising the steps of:
2 establishing communication between a first party and said mobile station
via said mobile switching center and said base station;
4 establishing communication between a second party and said mobile
station via said mobile switching center and said base station while putting said
6 first party on hold; and
generating a Release Message in a network servicing said second party
8 to indicate that the second party is terminating communication with said mobile
station, said Release Message transmitted to said mobile switching center,
10 wherein said message signal is generated responsive to receipt of said Release
Message by said mobile switching center.
